

HIT MACHINE

Hit Machine is a band you and your guests will never forget. Created by Bart Hafeman, the energy projected from this 4 piece band is highly contagious to say the least. The band plays hits from all eras as it's not uncommon to here Stayin' Alive (Bee Gees), Kiss (Prince) and You Shook Me All Night Long (AC/DC) all in the same set. The band has synchronized dance moves and many appropriate ways to involve the crowd in the performance to make it an unforgettable event. Set lists can easily be tailored for the evening as well by focusing on a disco theme or an 80's night. We offer dinner music as well. This can be played over the professional sound system from our laptop or played live by the band. The band line up can be expanded to add a 3 piece live horn section and female vocalists. The pictures shown to the right are the optional clothing choices, Extra Strength, Regular Strength or Metal Machine. Hit Machine has been a guest of many prominent events surrounding the Portland Metro area including headlining Hood to Coast 2010 in Seaside, headlining the Fort Vancouver Fireworks 2010 and playing many Blazer Playoff games down at the Rose Garden.

The Band:

Lead Vocals & Keys - "T-Bone Washington" - Bart Hafeman

Guitars - "Jack Slack" - Dave Karn

Bass - "Superfly" - Sean Foote

Drums - "Dr. Groove" - Jason Martinez
