

the
YETROS*

The 90's are almost over and the 80's have now reached "retro" status. The Retros will sweep you back to the days when MTV first flooded our senses with visually appealing pop music videos, songs that made you feel really good from an era where the music smiled, the costumes smiled and so did the performers.

Playing the Northwest's favorite new wave & dance hits of the 80's.
